

Polytech Adult Education

Personal Visit Program

Home visits allow certified parent educators to individualize and personalize the PAT program for each family and child. Home visits are free to all families and provided monthly in the home. Parents enrolled in the program will develop a foundation of child development information specific to their own child and can make formal decisions about their child rearing practices. Sample home visit topics are provided below.

Age of Child	Sample Topic
1 month	Understanding Baby's Cues
2 months	Immunizations; Attachment
4 months	Hearing
5 months	Early Use of Books; Healthy Teeth
6 months	Establishing Healthy Sleep Patterns
7 months	Safety Proofing
8 months	Parent's Role
9 months	Motor Development
